

## Hazel's 2020 COVID "Accomplishments"

In some cases, I watched the only season available, or the most recent season(s), to catch up. But in most cases, I watched the entire series from the very beginning. If I watched a whole season or series that means I liked it well enough to spend hours and hours on it. Movies, on the other hand are usually no more than 2 hours long and the ones with an x weren't my favorites.
